

TABLE OF CONTENTS

	PAGE
Flora of Panama. Part III. Fascicle 1. (Juncaceae-Marantaceae)..... Robert E. Woodson, Jr., Robert W. Schery, and Collaborators	1-105
Special number, Conference on "Gene Action in Micro-organisms"	
Mendelian and Cytoplasmic Inheritance In Yeasts..... Carl C. Lindegren	107-123
Biochemical Genetics of <i>Neurospora</i> E. L. Tatum and G. W. Beadle	125-129
Genetic Aspects of Changes in <i>Staphylococcus aureus</i> Producing Strains Resistant to Various Concentrations of Penicillin..... M. Demerec	131-138
The Physiology and Genetic Significance of Enzymatic Adaptation..... S. Spiegelman	139-163
The Mechanism of Radiation Effects and the Use of Radiation for the Production of Mutations with Improved Fermentation..... Alexander Hollaender	165-178
The Influence of Nucleic Acid on Dehydrogenase Systems..... J. P. Greenstein and H. W. Chalkley	179-185
Genetic Aspects of Virulence in Bacteria and Viruses..... John W. Gowen	187-211
Gene Action in <i>Paramecium</i> T. M. Sonneborn	213-221
Spontaneous Mutations of Bacteria..... M. Delbrück	223-233
Genetics of Bacterium-Bacterial Virus Relationship..... S. Luria	235-242
Genetics as a Tool for Studying Gene Structure..... Sterling Emerson	243-249
Discussion	251-263
A Revision of the Genus <i>Schkuhria</i> Charles B. Heiser, Jr.	265-278
Multi-dimensional Graphical Representation for Analyzing Variation in Quantitative Characters..... Ellen M. Kern and Charlotte Alper	279-281
Right-Angle Grid System for Mapping Plant Distribution..... Ellen M. Kern	283-286

	PAGE
A Nectria Disease of Coffee in Western Guatemala Dorothy Gaebler Heiser	287-296
A Preliminary Survey of Maize in the Southwestern United States..... George F. Carter and Edgar Anderson	297-322
Contributions to Our Knowledge of American Car- boniferous Floras. VII. Some Pteridosperm Stems from Iowa..... Henry N. Andrews	323-360
Maize in the Yanhuatlán Codex..... Edgar Anderson and John Jay Finan	361-368
Notes on Some North American Asclepiads..... Robert E. Woodson, Jr.	369-371
The Yucca Plant, <i>Yucca filamentosa</i> , and the Yucca Moth, <i>Tegeticula (Pronuba) yuccasella</i> Riley: An Ecologico-Behavior Study..... Phil. Rau	373-394
A Revision of the Central American Species of <i>Smilacina</i> Ralph W. Emons	395-410
The <i>Clematis Fremontii</i> var. <i>Rieblii</i> Population in the Ozarks..... Ralph O. Erickson	413-460
General Index to Volume XXXII.....	461-467
